Re: State Implementation Plan Withdrawal Request
for Indiana Regarding 326 IAC 7-4-11.1(a)(2), 1-
Hour Sulfur Dioxide Limits for Hydraulic Press
Brick (LSA #11-356)

Dear Mr. Kaplan:

On October 2, 2015, the Indiana Department of Environmental Management (IDEM) submitted a request for State Implementation Plan (SIP) approval of sulfur dioxide emission limits in support of a 1-Hour Sulfur Dioxide Attainment Demonstration for Morgan County. IDEM is requesting a withdrawal of specific portions of the SIP approval request. Specifically, IDEM is requesting withdrawal of the emission limits for Hydraulic Press Brick at 326 IAC 7-4-11.1(a)(2). IDEM is not requesting a withdrawal of any other portion of the SIP submittal.

I request that U.S. EPA process this withdrawal request and not act on the approval of 326 IAC 7-4-11.1(a)(2) as part of the Indiana SIP. If you have any questions regarding this letter, please contact Scott Deloney, Chief, Air Programs Branch, at (317) 233-5694 or sdeloney@idem.in.gov.

Sincerely,

Keith Baugues
Assistant Commissioner
Office of Air Quality
